

has a membership of almost 2,000 and offers services to over 160 senior members daily.

The centerpiece of this year's sixth anniversary commemoration is the Millennial Roundtable Celebration. Fulfilling an extraordinary and touching ceremony, tables will be organized with seating for 12 seniors who are each at least 84 years of age—totaling 1,000 years. For the first time, to commemorate the end of the century and the turn of the millennium, a Double Millennial Roundtable will be featured, with seating for 23 seniors who are at least 87 years of age and totaling 2,000 years of age.

A poet wrote, "I like spring, but it is too young. I like summer, but it is too proud. So I like best of all autumn, because its tone is mellower, its colors are richer, and it is tinged with a little sorrow. Its golden richness speaks not of the innocence of spring, nor the power of summer, but of the mellowness and kindly wisdom of approaching age."

Mr. Speaker, I urge all my colleagues to join me when I commend the Eighth Avenue Senior Center, and the Brooklyn Chinese-American Association, for its work to ensure golden richness in the lives of our seniors.

PROVIDING FOR CONSIDERATION  
OF H.R. 2990, QUALITY CARE FOR  
THE UNINSURED ACT OF 1999,  
AND H.R. 2723, BIPARTISAN CON-  
SENSUS MANAGED CARE IM-  
PROVEMENT ACT OF 1999

SPEECH OF

**HON. JAY INSLEE**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, October 6, 1999*

Mr. INSLEE. Mr. Speaker, I rise in opposition to the rigged rule for debate on the patients' bill of rights. Ever since this session began, I have been working with my colleagues to bring 'bipartisan patients' bill of rights to the floor for a vote. But now that Republicans have been forced to allow a vote on the bipartisan consensus managed care bill, they have written a rule designed to kill the measure.

Instead of providing a fair and open rule considering the patients' bill of rights, the Republican Leadership has stacked the deck by writing a rule that blends the managed care bill with a measure riddled with special interest "poison pills" designed to kill the measure, and that denies us the opportunity to offset any potential revenue losses from the measure.

The Republican Leadership is combining the bipartisan managed care bill with a so-called insurance access bill, which is not paid for. In addition, the Republican leadership is denying a bipartisan group of members the right to offer an amendment to offset the cost of the bill and be fiscally responsible.

If we can defeat this flawed rule, bipartisan advocates of managed care reform will return with a fair and open rule that will permit enactment of managed care reform. My constituents deserve patients' bill of rights. I urge my colleagues to vote down this rule and to support real managed care reform and bipartisan patients' bill of rights.

HONORING THE RAMSEY FIRE DE-  
PARTMENT ON ITS 100TH ANNI-  
VERSARY

**HON. MARGE ROUKEMA**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, October 7, 1999*

Mrs. ROUKEMA. Mr. Speaker, I rise to congratulate the Ramsey Fire Department on its 100th Anniversary. This volunteer unit is one of the finest in New Jersey and deserves the thanks and support of every resident of our community.

Volunteer firefighters are among the most dedicated public servants in our communities. They set aside their own convenience—indeed, their own safety—to protect the lives and property of their neighbors and ask nothing in return. Volunteer firefighters turn out to do their duty in the darkness of freezing winter nights and in the heat of suffocating summer days without hesitation.

The Ramsey Fire Department was established in 1899 with 32 original members. The new fire company made a \$25 deposit on their first fire engine, an 1885 Babcock Chemical Wagon purchased second-hand from the Rutherford Fire Department. The Dater family of Ramsey donated property near the railroad tracks for the first firehouse, built at a cost of \$197, and the Ramsey Fire Department was in business. The first alarm was a brush fire near the tracks in April and the first building fire followed in January 1900.

The department grew quickly during the early years of the century, soon adding a horse-drawn ladder wagon and going to motorized fire trucks in 1912. A modern pumper was added in 1927 and the Ladies Auxiliary was founded in 1935 with 23 charter members. Additional equipment was purchased in subsequent years and the Island Avenue fire station constructed in 1951 to accommodate the growing fleet. A substation in the form of a three-bay addition to the borough garage was added in the 1960s. The 1970s saw the formation of the Junior Fire Brigade to encourage young people to become involved and a conversion from the traditional "fire engine red" paint scheme on equipment to lime yellow.

The Ramsey Fire Department has twice received the Box 54 Unit Citation Award from the New Jersey-New York Volunteer Firemen's Association for daring rescues, once in 1975 and again in 1984. In 1981, the department found itself the victim of arson when fire destroyed the second floor of the Island Avenue building. The building was repaired and rededicated the next year.

Major renovations of the fire department headquarters on Island Avenue were completed in 1992, including a room to display antique fire apparatus, a new radio room, a chief officer's room, an office for administrative officers and a 150-foot radio communications tower. Since 1996, the headquarters building has been known as the Robert E. Litchult Fire Safety Building in honor of Litchult, who served a record 63 years with the department.

Responding to nationwide difficulties in recruiting volunteer firefighters, the department in 1994 formed a Recruitment and Retention Program to solicit new members.

Throughout its long and distinguished history, the Ramsey Fire Department has protected both lives and property through professionalism, dedication and skill of its many members. The department has grown vastly in personnel, equipment and other resources. Today, it is among the finest firefighting organizations in the State of New Jersey. Members constantly train to improve performance in order to do their jobs as safely and efficiently as possible.

The Ramsey Fire Department has come a long way from its founding. Today's state-of-the-art fire engines and high-tech equipment put Ramsey on par with any other fire department in the region. But it takes more than equipment and buildings to run a fire department. It takes dedicated, hard-working individuals willing to put the safety and property of their neighbors first. People like President Ken Bell and Fire Chief George Sutherland and all the officers and firefighters of the Ramsey Fire Department deserve our most special thanks.

The Ramsey Fire Department was founded 100 years ago on the principle of neighbors helping neighbors. That principal has made the department a success and will continue to do so in the future.

I would like to ask my colleagues in the House to join me in congratulating the Ramsey Fire Department on 100 years of meritorious service to the community, and in paying tribute to the brave and dedicated firefighters who have sacrificed personal safety in response to the needs of others. All past and present members of this very professional "volunteer" fire department deserve our deepest thanks for their work on the behalf of our community.

THE SENIOR CITIZENS  
PROTECTION ACT

**HON. RICK LAZIO**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Thursday, October 7, 1999*

Mr. LAZIO. Mr. Speaker, I rise today to introduce a bill to cut fraud and abuse in our Medicare system, restore balance in our health care system, and give us all a better quality of life. Federal, state, and local governments need more tools at their disposal to crack down on rampant health care fraud. Congress needs to empower law enforcement to preserve and protect Medicare, decrease the crime rate, and let each and every one of us feel safe and secure in our retirement years.

The Health and Human Services' Office of the Inspector General recently released startling information on their audit of the Health Care Financing Administration (HCFA). According to the audit, the Medicare Program lost \$20 billion in fraud and improper payments in Fiscal Year 1997. What is unconscionable is that only \$4 billion was recovered.

A recently published Focus Group Study of Medicare Insurance Counselors found that most officials believe a significant amount of fraud exists and continues to undermine the Medicare program. In the study, many experts said HCFA took no action after being notified
